

Aquablu

**MORE
THAN
WATER**

IT'S TIME FOR A CHANGE

In the last decade, the human race has achieved more than ever imaginable. Yet, our drinks are still trapped in plastic or aluminium containers.

If we don't curb our plastic output, in 2050 our oceans will contain more plastic than fish.

50 years after the introduction of the plastic water bottle, it's time to rethink the way we drink water.

BEGIN TODAY

REDUCE REUSE REFILL.

EXPERIENCE THE NEW WAY OF DRINKING

The Aquablu REFILL is a water dispenser that provides healthy drinks to businesses without the unnecessary packaging. Purified tap water, enriched with flavors, vitamins and electrolytes. Just like bottled beverages - but better.

filtered

enhanced

planet friendly

CHOOSE YOUR SETUP

PICK YOUR REFILL

Do you choose just perfectly filtered water or do you want additional functionalities?

MODULAR DESIGN

Start-off with water only? Thanks to it's modulair design, you can always chose to upgrade your REFILL to a REFILL+ later.

REFILL

filtered, chilled & sparkling water

REFILL+

filtered, chilled & sparkling water

+
functional water enhanced with vitamins & electrolytes

SERVICE THAT FITS YOUR NEEDS

Thanks to our active 4G connection, we can remotely monitor our products in the field. Hereby we can automatically remind our clients about upcoming replacements and maintenance, ensuring a worry-free experience.

Thanks to our smart tracking algorithms, the Aquablu REFILL will notify you about your replacements in advance - making sure you are never without your flavors.

HOW TO USE

THREE STEPS TO PERSONALIZED WATER

Natural or flavored, still or sparkling
- it's up to you.

- 1 CHOOSE YOUR FLAVOR
- 2 CHOOSE YOUR WATER TYPE
- 3 DISPENSE YOUR DRINK

With additional customizations in
water temperature and flavor intensity,
you can create 39 different drinks,
from just one outlet.

MAKE IT FUNCTIONAL

FLAVOR IT UP

FUNCTIONAL WATER

Water can be boring,
yet softdrinks are unhealthy.

By combining the best of both worlds,
we've created a healthy yet delicious
drink you can't get enough of.

- Zero sugar
- Added vitamins
- Enhanced with electrolytes

IMMUNITY

Fresh Lemon flavor, enhanced with:
Vitamin D, C, B12 and Zinc.
To boost your immunity after
an action packed weekend!

TECHNOLOGY

MORE THAN JUST A WATER FILTER

NANO FILTRATION

Our Nano-Silver Filter removes 99.9% of contaminants from the water.

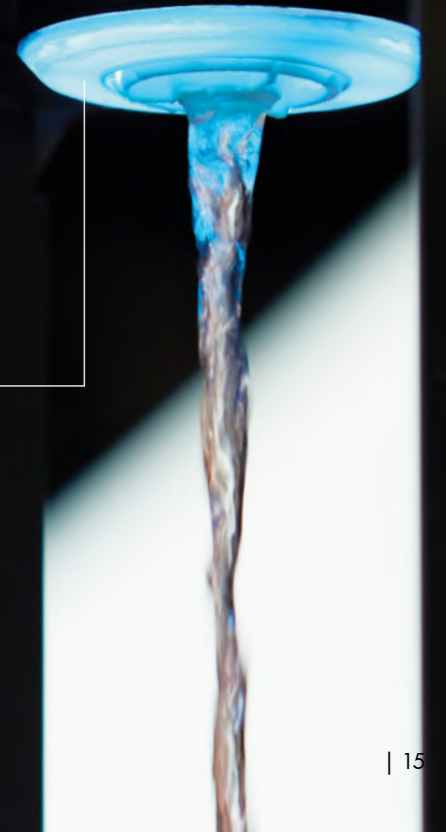

PROTECT & ENHANCE

Protection against dirt, dust and chlorine whilst balancing the presence of natural minerals.

UNPARALLELED DISPENSING

PATENTED

Our Patent-pending BacteriaGate nozzle protects the system from incoming bacteriological contamination while mixing up to four different flavors through one output.

BUILT IN

MADE TO MATCH

The sleek and sophisticated design fits in every office or pantry area.

OR BESPOKE

NO SPACE IN THE PANTRY?

CHECK OUT OUR
BESPOKE FURNITURE.

Our bespoke furniture range transforms the REFILL into a stand-alone hydration point.

DARK OR LIGHT

Description	#	unit
Size	900x640x1900	mm

COMPLETE YOUR SETUP

Glassware

- branded glasses 40ml
- branded premium carafe 1l

Smart Jerrycan

- stores drainage water
- automatically alerts the user when full

Bottles

- on the go bottle 0,5l
- branded A bottle 1l
- branded Aquablu bottle 1l (co-branding possible)

Payment terminal

- by Payter for Aquablu REFILL and REFILL+
- can be connected to ethernet or 4G

BUILT IN REQUIREMENTS

SPECIFICATIONS

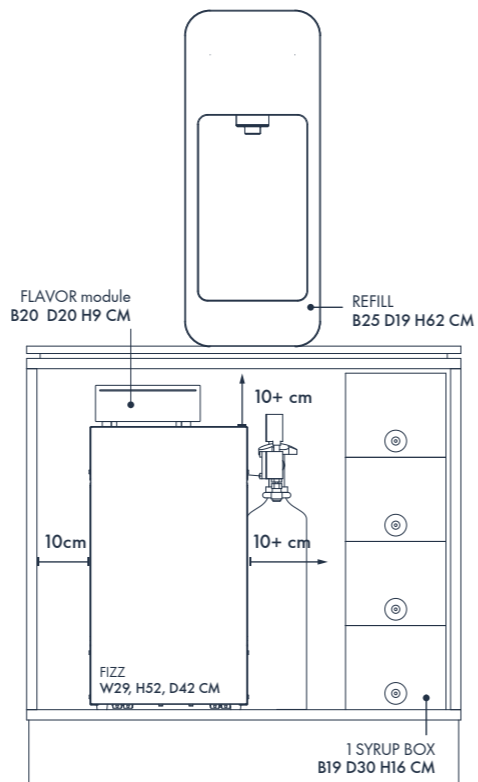

Built in minimal necessary space needed is equal to a standard kitchen unit:

REFILL B50 D55 H55 cm
 REFILL+ B70 D55 H65 cm

Adding a Jerrycan requires 20 cm in width. Necessary space needed can be divided over several units. Please ensure that the FIZZ always has 10 cm of space around it for ventilation.

CONNECTIONS

Description	Specification
Water input	Tap (3/4" M thread)
Water output (opt.)	Tap (3/4" M thread) or 40 mm drain
Electrical input	Electrical socket (grounded outlet)
Power consumption	800 W

REFILL YOUR REFILL

Filters

The Protect & Enhance filter needs to be changed after 6 months. The Purify filter after 12 months.

CO² cylinders

The CO² cylinder is available in 2KG and is able to produce +- 250 liters of sparkling water.

Functional Flavor BIBs

The BIBs are currently available in four different flavors. A 5L Bib can create 275 drinks of 200ml.

WORK HAPPY & HEALTHY

BUSINESS CASE

SUSTAINABILITY

VITALITY

For Insider, vitality and sustainability are important pillars.

“We value the wellbeing of our teams and always strive to implement more sustainable solutions. It’s safe to say that the moment we received our Aquablu REFILL+ in the office, it was immediately adopted by our entire team.

With the Aquablu REFILL, drinking water has become an experience. Similar to the coffee machine, we see people gathering around it and talking, except now it is a healthy hydration point. Without the use of disposables.”

Bas Drogtop - Country Manager & partner
